

Who's On Your Side? - Managing Your Work Wide Web

What Needs to Change? -
Improvements needed to
make your network more
useful to you

- Who needs to be closer?
- What roles are missing?
- Who's wasting your time?
- What do you need to do?

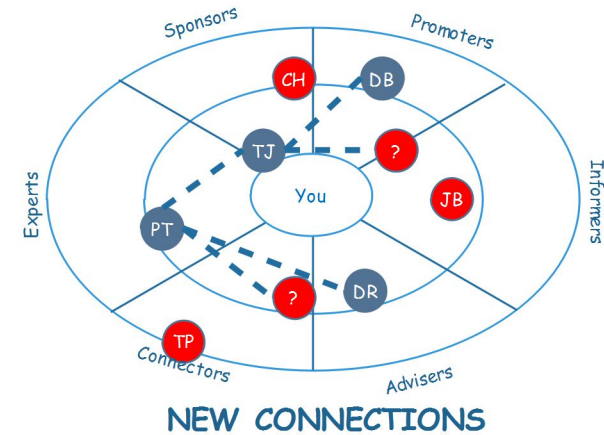

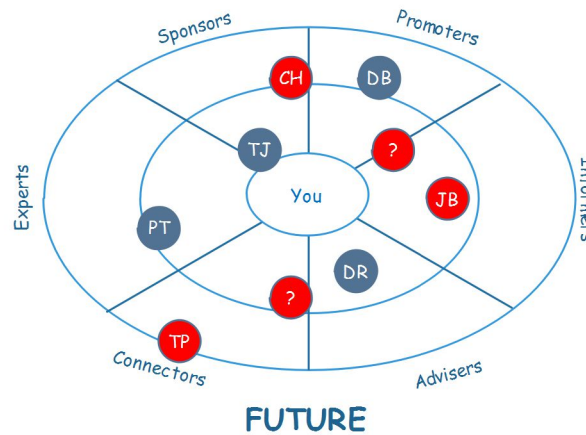

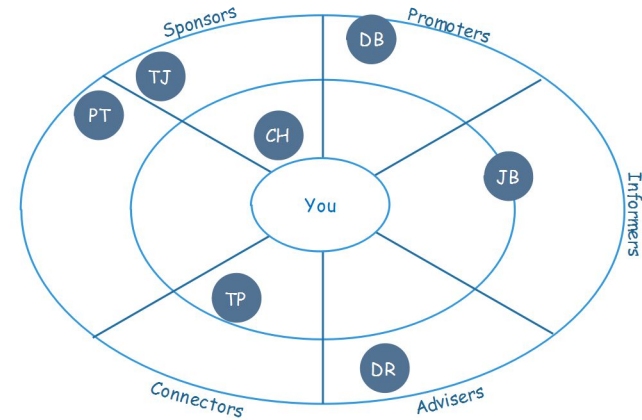

How Do You Need to
Change? - Increasing and
decreasing four factors

- Contacts
- Connection
- Closeness
- Contribution

Contacts (Who)	Connection (+/-)	Closeness (+/-)	Contribution (Them/Me)

What Should Your New Map
Look Like? - Who or what will
need to be on or off the map?

Increasing Network Density
- Connecting people to each
other (with **you** in common)

Like what you see? Thinkspots are available on a whole range of topics for you to use and share.
